moni@monidesign.com

Current work : Freelance Graphic Design. Main client work is in the area of transit mapping & information graphic design. Projects include project management, client relations, design and layout for print & web ; graphic design production in the CS suite including Illustrator, InDesign, Photoshop ; Freehand, ESRI ARC ; XL, using online mapping tools.

In my private work I also build web sites in Word Press making use of Dream Weaver, Photoshop, Flash and online resources using templates and CSS. Ideal web sites are template-based that allow clients to update & add their own content.

Please see my web site for my portfolio :
